Poster Presentations

A participant will present a **visual abstract of their PhD research** to an audience that represent various fields of science.

Requirements:

Size: A1

Page orientation: portrait

Title: 70-76 pt font

Author: 40-46 pt. font

Text: min 24 pt. font

Word limit: max 150 words in total

File format: PDF format accepted only, not later than 30 June.

Text, graphics, pictures shall be readable from a 2 meter distance

Advertisement is not allowed

Sections to be included:

- Title, Author, Institution (logo may be included)
- Introduction (what and how)
- Results, conclusions

Recommendations:

- Present numerical data in the form of graphs, rather than tables.
- Visuals should be simple and bold.
- Avoid acronyms and extensive mathematical notations as much as possible.
- Effectively explain your research in a language appropriate to a non-specialist in your field.

Your poster is a **visual abstract of your research.**
